

GRS Self Booking System (Booking UPDATES):

You will add reservations from the “Reservation Maintenance” tab:

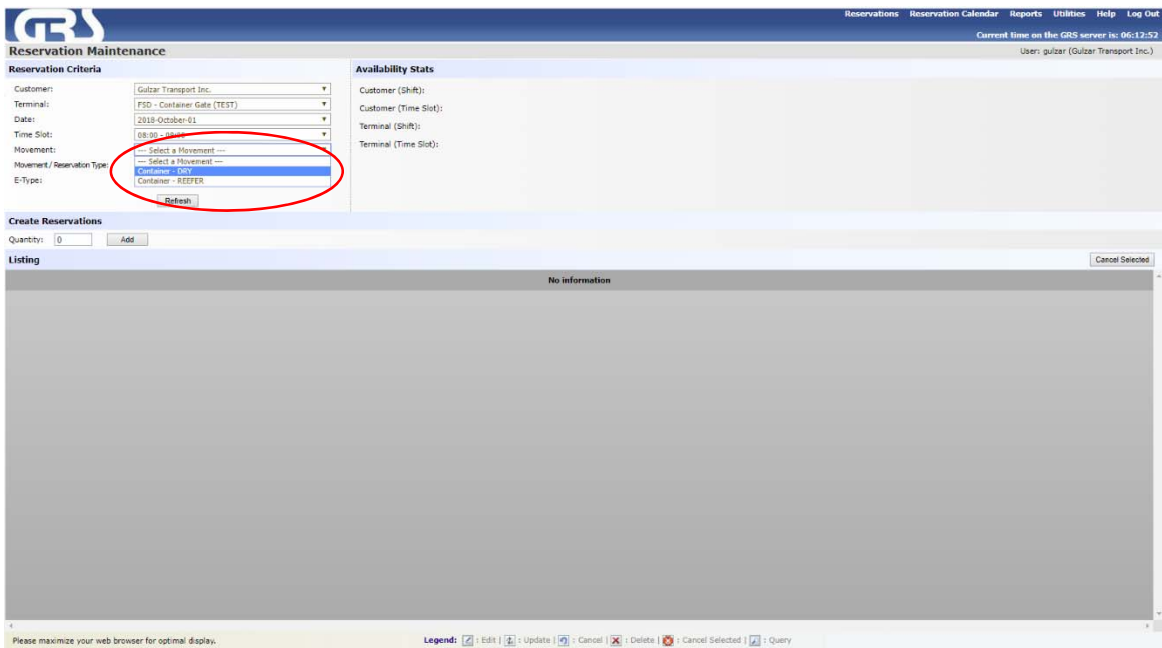

The Reservation Criteria:

Customer: Auto-filled field with your Company Name

Terminal: Auto-filled field with the FSD Port Name

Date: Select the date you would like to secure a reservation for.

Movement: Here you will need to select if your CONTAINER is DRY or a REEFER

Movement/Reservation Type:

Here you will select the following:

- EMPTY
- EXPORT
- IMPORT
- MULTI TRANSACTION
- OUT OF GAUGE

You will also need to select the appropriate Vessel for your transaction.

The screenshot shows the 'Reservation Maintenance' interface. The 'Movement / Reservation Type' dropdown is open, displaying a list of options including 'Export / SH - SAVONIA', 'Export / SH - SH TIANJIN', 'Export / SHL - IPO VULPEOLA', 'Export / SHL - SH QINDAO', 'Import / ALS - NYX NEBULA', 'Import / HPS - S SANTIAGO', 'Import / SH - SAVONIA', 'Import / SH - SH TIANJIN', 'Import / SHL - IPO VULPEOLA', 'Import / SHL - SH QINDAO', 'Multi Transaction - IMP/EXP/HT / ALS - NYX NEBULA', 'Multi Transaction - IMP/EXP/HT / HPS - S SANTIAGO', and 'Multi Transaction - IMP/EXP/HT / SH - SAVONIA'. The 'Create Reservations' section shows a quantity of 0. The 'Listing' section displays 'No information'. The interface includes a navigation bar with 'Reservations', 'Reservation Calendar', 'Reports', 'Utilities', 'Help', and 'Log Out'. The current time on the GRS server is 06:13:48, and the user is guizer (Guizer Transport Inc.).

Once you have selected all Reservation Criteria, you can add your desired reservation total:

The screenshot shows the 'Reservation Maintenance' interface. On the left, 'Reservation Criteria' are set to: Customer: Gultzar Transport Inc., Terminal: FSD - Container Gate (TEST), Date: 2018-October-01, Time Slot: 08:00 - 09:00, Movement: Container - DRY, Movement / Reservation Type: Export / SM - SAXONIA, E-Type: 10228 (STD). On the right, 'Availability Stats' show: Customer (Shift): 47, Customer (Time Slot): 17, Terminal (Shift): 113, Terminal (Time Slot): 57. Below this is the 'Create Reservations' section with a 'Quantity' of 3 and an 'Add' button. The 'Listing' table contains three reservations:

| Count | Reservation Number | Move / Move Type / Res Type | E-Type | #Trans | Status | Source Cust. | Active Cust. | Truck License # | Action | Cancel Reservation |
|-------|--------------------|---|--------|--------|----------|------------------------|------------------------|-----------------|--------|--------------------|
| 1 | BS02 | Container - DRY / Export / SM - SAXONIA | STD | 1 | Open (O) | Gultzar Transport Inc. | Gultzar Transport Inc. | TBA | | |
| 2 | FT09 | Container - DRY / Export / SM - SAXONIA | STD | 1 | Open (O) | Gultzar Transport Inc. | Gultzar Transport Inc. | TBA | | |
| 3 | FL00 | Container - DRY / Export / SM - SAXONIA | STD | 1 | Open (O) | Gultzar Transport Inc. | Gultzar Transport Inc. | TBA | | |

Use the edit function to update each individual reservation:

This screenshot is identical to the previous one, but with a red circle highlighting the 'Edit' icon (a pencil) in the 'Listing' table for the first reservation (BS02). The rest of the interface, including the criteria and availability stats, remains the same.

You will need to edit each reservation line to show how many transactions you will be moving per trip:
