

LOAD PLAN REQUIREMENTS

- All Truck Drivers delivering loads into FSD **MUST** have an Export Load Plan.
- The Load Plan contains information about the Container being delivered.
- **ALL INFO IS REQUIRED BEFORE CONTAINER WILL BE ACCEPTED.**
- **ALL WEIGHTS MUST BE IN KG'S**

LOAD PLANS MUST INCLUDE the following information:

1. Booking Number
2. Container Number: (4 letters and 7 numbers, unless otherwise marked)
3. Size (Length): 20', 40', 45'
4. Type: (Reefer, Dry, OT, HT)
5. Height of the container: 8'6" or 9'6"
6. Net weight of the container's cargo: **IN KG's ONLY**
7. Seal number(s) on the container
8. All hazardous information and attached Dangerous Goods Declarations
9. Reefer temperature requirements as per the Shipper
10. Any over-height and over-width dimensions
11. The delivering Truck Company and Truck number

Due to liability reasons, FSD **WILL NOT** correct Load Plans on behalf of the Truck Drivers.

If the Load Plan is NOT correct, the Driver will be required to makes changes as required before being processed at the Container Gate.

Thank you for your Cooperation.
